GOVERNMENT OF MADRAS.

D.No. 95995/3/47/-A. Edn.

Fort St. George, Madras,
Dated the 17th February 1948.

Dear Mr. Reddi,

Sub:- Colleges - Government Art Colleges - Opening of new courses - Payment of affiliation fees.

Ref:- Your letter No. 1304/K2/47 dated 3.12.1947.

I am to say that orders on the payment of affiliation fees are being issued separately and to ask you to take action immediately with reference to the letter of the Registrar of the University of Madras, No. A.520 dated 9.2.1948.

2. I am also to ask you to consider the following points and make a report to the Government as early as possible:-

(i) It is understood that no steps have been taken by the University for the approval of the scheme to open a second grade college in Cuddapah from the next academic year. You may meet the Vice Chancellor, if necessary, and discuss the scheme with him, so that the college is opened at Cuddapah from July, this year.

(ii) With regard to the raising of the Mangalore College to the Ist grade, the Government desire that the Madras Educational Service post provided for Kanarese in Anantapur should be transferred to Mangalore. But the scheme of raising Mangalore College to Ist Grade College depends on the abolition of the High School attached to it. Instructions may be issued to the District Educational Officer to negotiate with the other High Schools in the vicinity with a view to seeing that the boys and girls in the High School are taken in. It is presumed that the staff of the High School will either be absorbed or discharged in accordance with the rules governing their service.

iii) It is understood that there is some technical difficulty about the opening of Tamil Course for B.A. classes in the Coimbatore College and that if B.O.L. classes are opened instead of B.A., the difficulty will be overcome. As the Government consider that the B.O.L. course is as good as the B.A. course, you may take steps to see that the B.O.L. course is opened in the college, if it is not possible to open B.A. classes.

3. I am to ask for a very early reply.

Yours sincerely,

M.V. Subramanian.

To
Sri. D. Sadasiva Reddi, M.A. (Oxon),
Director of Public Instruction, Madras.

The University authorities told me that no steps had been taken by the University for the approval of a scheme to open the Second Grade College in Cuddapah in view of the fact that the money was not allowed for that purpose in the budget. If we are to start the College in June or July of this calendar year, I think it is necessary that we must give the Director of Public Instruction the necessary instructions. This applies to the other provisions also and so, the Director of Public Instruction may be told about it.

2. With regard to the raising of the Mangalore Second Grade College into first grade college, the Director of Public Instruction may be informed that the making the second grade college into the a first grade college depends upon the abolition of the high school. That is the scheme introduced and put forward by the Director of Public Instruction and so, the Director of Public Instruction must look into the matter as to how best the high school can be abolished and the existing boys and girls studying in our high school can be accommodated in other high schools.

3. With regard to the opening of the B.A. classes in the Coimbatore College, I understand there is some technical difficulty in the matter but instead, I understand that B.O.L. classes can be opened and the technical difficulty of the Universi overcome. B.O.L. is as good as B.A. in the matter of languages and so, the Director of Public Instruction may be told that he may open the B.A. or the B.O.L. courses, The cost will be about the same in these courses and there will not be any extra financial commitment.
